Soft Skill

Problem Solving skills | Communication |
Team work | Time management | Creativity

Education Background

- Federal University of Technology, Akure
B.Tech., Quantity Surveying
Completed in 2019

Extracurricular Activities

NaijaBuzz300 | Blogger
September, 2020 - December, 2021

Key responsibilities:

- Increased site traffic averagely over 30%
- Email signups increased steadily by 10% to 15% per month
- Awarded blogger of the month twice in the establishment

Freelance Wordpress Website Builder
2020 - Present

Volunteer

Urban Shelter Ltd | Technical Writer
July, 2022 - November, 2022

Saw an increase in engagement all over the company's platforms

A self-motivated and adaptable front-end web developer seeking to further develop my technical skills in HTML, CSS, JavaScript, React and other web technologies. With a keen eye for design and a passion for creating intuitive user interfaces, I aim to contribute to innovative web applications while learning from experienced professionals.

Experience

Kadahive Tech Hub | Web Developer Intern

Aug, 2023 - Oct, 2023

Key responsibilities:

- Creating responsive websites using Html, CSS, JavaScript, React and WordPress
- Updating and implementing the latest SEO techniques for both existing and new company projects
- Testing and debugging of company's clients' websites
- Writing technical documentations and updating user guides to facilitate the end-users' understanding of the applications.
- Collaboration with UI/UX designers to ensure the technical feasibility of the designs.

Tomato Jos Farming & Processing LTD | Procurement Officer

June, 2021 - April, 2023

Key responsibilities:

- Managing the acquisition of goods and services for the organization
- Sourcing suppliers, negotiating contracts and ensuring cost-effectiveness
- Maintaining compliance with procurement policies and regulations to support operational needs
- Daily tracking and reconciliation of data entry discrepancies
- Monitoring of inventory thresholds across multiple departments
- Monthly forecast of purchases based on previous historical data
- Creation of a Procurement Request Management system on Google spreadsheets
- Ensured efficient and cost-effective procurement processes.
